## KEPT BUSY AS A BEE

Candidate Bryan Meets With a Grand Ovation at Memphis, Tenn., To-day.

## A BIG BLAZE AT DETROIT

Annual Festivities to be Grandly Inaugurated at Kansas, City, To-Night.

## DRUGGISTS IN SESSION

MEMPHIS, Tenn., October 5.—William J. Bryan reached here at 7:10 o'clock, this morning from St. Louis, accompanied by members of the Memphis reception committee, Senator-elect H. D. Money, of Mississippi, Representative John Allen, of Mississippi, and Representative Benton McMillan, of Tennessee.

All through the night the crowds gathered about the train at its stopping places, and cheered for the candidate. Mr. Bryan retired early, and did not arise to greet any of the enthusiasts. Private John Allen appeared in his place and explained that the nominee was tired out. Several hundred people cheered Mr. Bryan at the Poplar street station here, this morning, and he was also greeted with enthusiasm along the streets on his way to the Peabody hotel, where he had breakfast with members of his party and the local reception committee. Mr. Bryan spoke at 10 o'clock and at 12:20 p. m. left for Nashville.

MEMPHIS, Tenn., October 5.—The visit of Mr. Bryan to Memphis was made the occasion of a general holiday. Business houses closed their doors and even the banks suspended for the day. At 10:30 a. m., when Mr. Bryan, under the escort of the Neely squad, accompanied by members of the local reception committee, reached the Overton tract, a big, open field where the speaking took place, they found there a dense crowd, estimated at 15,000 persons. Senator Harris presented Mr. Bryan, who spoke for half an hour. Mr. Bryan said, in part: "My friends:—I want to impress upon your minds another thing. It is not only necessary that we elect a president and a vice-president in favor of free coinage, but it is necessary that there shall be a congress in favor of free coinage. If you are in earnest in your desire for bi-metalism, you must show that earnestness by doing anything necessary to be done to elect a congress, a senate, and a president. If we are right in the position we have taken, if the democratic party is right in its platform, then the man who does not stand upon that platform is no democrat. I could not feel the interest I do in this campaign if all I had to command was party regularity. [applause.] I appeal to you on a higher ground than that. I have a stronger claim upon your support than can be given by regularity of convention. I stand by the right of the American people to have a financial system of their own; [great applause], therefore, my candidacy appeals to every American citizen who believes in the right of the people of this country to govern themselves, regardless of the aid or consent of any other nation on earth [cheers]. I am not appealing to any sentiments hostile to foreigners, but I say to you, my friends, that a nation does not deserve to be called a nation which has to accept the financial policy, 'ready made', from some other country!"

On the conclusion of his speech, Mr. Bryan was conveyed to the Louisville & Nashville station, accompanied by a great crowd of enthusiasts.

Philadelphia Wins.  
Haverford, Penna., October 5.—The cricket match between the Australians and the Philadelphians was won to-day by the latter.

Blaze at Detroit.  
DETROIT, Michigan, October 5.—Fire this morning badly damaged the three upper floors of the old Detroit Free Press building, a five-story brick structure on the corner of Larned and Shelby streets, causing a loss of \$75,000; well insured.

Forest Fires Out.  
MARQUETTE, Mich., October 5.—Heavy rains, this morning, removed all danger of further destruction by the forest fires. Nestoria Junction on the Soo road had the closest call, fires getting up to the depot. Rice & Begou's lumber camp, three miles south of here, reported destroyed, last night, was saved, after desperate exertions. The firm loses heavily on logs.

The Deadlock Continues.  
MONTREAL, Quebec, October 5.—The Canadian Pacific railway telegraphers' strike is now verging on its second week. In reply to questions as to the progress of the strike, both the company and the strikers' managers say that all is going well with their respective interests. High officials of the company still refuse to entertain a proposition of hearing of grievances in the way the strikers desire. The deadlock continues.

Forthcoming Events.  
WASHINGTON, D. C., October 5.—Elaborate preparations are being made by the local committee, headed by General L. P. Wright, for the annual encampment of the national Union Veteran legion, which takes place in this city during the second week of the month. The legion's auxiliary will also hold its annual re-union at the same time. The program of entertainment includes an oyster roast and a river excursion. The ladies of the District Veteran legion are also arranging a reception to the national officers, which will be a social event of the opening season.

## ANNUAL FESTIVITIES.

They Will be Inaugurated at Kansas City, Mo., This Evening.

KANSAS CITY, Mo., October 5.—The city on the Kaw inaugurates its annual festivities, to-day, and the event has brought thousands of strangers from all over this and other states. The business and residence districts are gaily decorated and the town has a holiday appearance. Usually, the opening day is given up to the reception of visitors, but for this year an additional attraction has been added, in the form of a reception to the latest feature of the Karnival Krewe. Shortly after dusk, this evening, King Ki-Ki and Queen Karnation, mounted upon their gorgeous floats, will arrive in the Carnival City, and after being escorted through the principal thoroughfares, will be driven to the reviewing stand, where a throne has been erected. Mayor Jones will then present the keys of the city to C. J. Schmeidler, who as prime minister will receive them on behalf of the royal couple. The mayor will then be made a knight of the Karnival Krewe by Queen Karnation. In the procession of escort, will be the mayor and municipal council, the militia and a large number of municipal bands and flambeaux clubs. Queen Karnation will be personified by Mrs. Samuel B. Hall, wife of Samuel B. Hall, formerly president of the Minneapolis press club, and the representative journalist of the Twin Cities.

## A BODY BLOW.

It is Administered to the Wholesale Druggists' Association.

PHILADELPHIA, Pa., October 5.—The body blow administered to the National wholesale druggists' association by the supreme court of New York is responsible for the prospective large attendance upon the annual convention of that association, which opens this evening. The decision in question enjoins the organization from conspiring or combining together to prevent the free purchase or the free sale of proprietary drugs and medicines.

The convention will meet at 8 o'clock and after a business session of one hour, the delegates will be entertained by a smoker by the local committee.

The fourteenth annual convention of the manufacturers and wholesale dealers in proprietary articles, also opens to-morrow. Nashville, Tenn., is favored for the next annual conventions of both bodies.

## OFF FOR FRANCE.

The Czar and Czarina Are Warmly Welcomed on Their Visit.

PORTSMOUTH, England, October 5.—The czar and czarina departed, this morning, for France.

CHERBOURG, France, October 5.—The Russian imperial yacht, "Foliar Star" and "Standard," the former having the czar and czarina on board, together with the French squadron, acting as escort, were sighted at noon. President Faure, M. Challeme-Lacour, president of the senate, M. Brisson, president of the chamber of deputies, M. Melline, president of the council of ministers, M. Hanotaux, minister of foreign affairs, and a large gathering of other distinguished persons, assembled at quai de L'Arsenal, awaiting the arrival of the imperial visitors, who, after being welcomed by the president, were entertained at luncheon at Maritime Prefecture.

## A Postponement.

PROVIDENCE, R. I., October 5.—Official announcement is made from the office of the secretary in this city that the annual convention of the American gas light association, called for St. Louis on the 21st inst., has been postponed until the 27th. The change of date is due to the fact that during the second and third weeks of the month the annual conventions of the American carriage makers' association and the street railroad association will be in progress, and that the hotels would be unable to take care of the delegates to three large conventions on the same dates.

Accidental Shooting.  
Yesterday afternoon, while handling a pistol in a reckless manner, Matthew Trevett shot himself, the ball entering his right breast and passing through the apex of his right lung and lodging in his shoulder. The wound was at first considered fatal, but it is now the opinion of the attending physician that the young man will recover. He was in the old town when the accident happened, and his condition is such that it is thought imprudent to attempt to remove him to his home.

## A FOREIGN OPINION

A London Newspaper Comments on the Situation in the United States.

## MICHIGAN BANK FAILURE

Farmers With McKinley Buttons are in Burlington, Iowa by the Hundreds.

## CHICAGO HAS A BABY FARM

LONDON, England, October 5.—The Times and Echo in its latest editorial comments on the political situation in the United States, and says, among other things:

"It is more and more evident that it is not the threatened democratic secessions that will win the presidential election for Mr. McKinley, and that Mr. Bryan's failure to convert the east is not to be taken as presaging his defeat."

"It is also fairly more certain that McKinley's election would not settle the money question; nor would the success of Bryan mean necessarily that the tariff would be let alone."

"The western farmers own their land subject to mortgages, on which the interest is payable in gold. The price of agricultural produce has fallen until the farmer has to grow twice as much corn, fruit or wine as before, to pay his interest. He sees that the mere metal of which a silver dollar is made can be had for half a dollar, and he believes that if Mr. Bryan becomes president, he could pay his interest in silver."

"Now if the American farmer stopped to ask himself one question, he would probably open his eyes. How long would the able financier refrain from monopolizing the control of silver? If the American farmer got free silver to-morrow, the New York mortgage would simply double his interest under a threat of foreclosure, and things would be where they are to-day, but the great silver owners would be where they are to-day, but the great silver owners would have made a quick profit in the meantime."

No Receiver Necessary.  
CHICAGO, Illinois, October 5.—The U. S. court of appeals, to-day, handed down its decision in the case of the application of Wm. Zeigler for a receiver for the Lake Street elevated road. The finding of the court of appeals is that no receiver shall be appointed.

## A Bank Mismanaged.

WASHINGTON, D. C., October 5.—The First national bank, of Mount Pleasant, Michigan, closed its doors to business to-day. The capital of the bank is \$50,000. It owes its depositors \$67,000. Comptroller Eekels says the bank's affairs have been handled incompetently.

## Wholesale Infanticide.

CHICAGO, Ill., October 5.—Police officers from the Harrison street station are investigating the case of wholesale infanticide. Since last Thursday, the bodies of three babies have been taken out of the Chicago river at the Harrison street bridge. Each case of autopsy showed that the infant had been thrown into the river while yet alive. The police believe that a baby farm is in existence in the city on a large scale, from which infants are carried to the bridges at night and thrown into the river.

Swarming With Republicans.  
BURLINGTON, Iowa, October 5.—Republican day brought the largest crowds that have attended the semi-centennial, so far. In addition to the excursion trains, the regular passenger trains, last night and this morning, were all loaded to the doors. Farmers wearing McKinley buttons are here by the hundreds. The streets are packed, and seats in the Coliseum, where Senator J. B. Foraker and other prominent political orators will speak, are at a premium.

The republican clubs were in session at Grimes' opera house, this morning. President Woodmansee, of the national league, presiding, and delivering the leading address to a big crowd.

PURSUING THE BANDITS.  
A Second Post to be Organized—Cole Young Identified.

No new developments have come to light concerning the would-be robbers on the Atlantic & Pacific, Friday evening, except that the pursuing party took the trail at the scene of the attempted hold-up at 6 o'clock yesterday morning, says the Albuquerque Democrat. The trail which the posse is following leads in a southerly direction and shows that the bandits have only four horses. It is presumed that they are heading for the Mogollon mountains. Deputy United States Marshal Loomis and Cade Selvy took yesterday morning's train to Socorro for the purpose of organizing a posse there, and if possible intercept the hold-ups before they reach the wilds of the mountains.

The body of Cole Young, the desperado who received the buckshot from a gun in the hands of Deputy United States Marshal Loomis, at the undertaking rooms of O. W. Strong, has been viewed by a large number of people. A. H. Jones and A. G. Stockett, of the Atlantic & Pacific machine shops, identified the body as being that of Cole Young, and stated that they knew Young when he lived in Trinidad, Colo.
